Prudent AI Vs Ocrolus

*If Your Underwriter Still Has to Dig Through Everything,
What's the Point?*

Overall Differences

Category	Prudent AI	Ocrolus
Income types	W-2, paystub, VOE, 1040, K-1, self-employed returns, Schedule E, Form 8825, rental (multi-property), multiple businesses and ownership percentages	W-2, 1099, gig, self-employed, rental, bank statement
Agency coverage	Fannie, Freddie, FHA, VA, USDA, Non-QM	Fannie, Freddie, FHA, VA, USDA, Non-QM
Multi-agency switch in single click & comparison	Switch Agency & QI recalculates instantly	Loan type selected via dropdown; one calculation at a time; no side-by-side multi-agency view
Direct Fannie Mae Income Calculator submission, D-number generation, rep & warrant backed findings	Yes, all within one platform	Income outputs are "eligible for" reps and warranties relief; no direct submission to Fannie's Calculator, no D-number
Rental income depth	Schedule E, Form 8825, multi-property borrowers, tied to Fannie Mae guidelines within same platform	Rental income tab present; no documented Schedule E/8825 depth or Fannie Mae Calculator integration for rental
Broker portal integration/self-serve capabilities	Yes	No
