

## SELF-SERVE PORTAL

Runs inside your existing TPO portal, with no separate login or extra tab

- ✓ Embeds as an iframe within your existing TPO portal
- ✓ TPO or LOs upload income docs and receive validated income analysis without leaving their submission workflow
- ✓ Eligibility flags, income gaps, and doc mismatches surface at the point of submission — before the file reaches underwriting desk

## UPFRONT INCOME

### FANNIE MAE INTEGRATION

#### Self-Employed + Rental Income Calculators

- ✓ Self-employed income calculated against Fannie Mae's approved methodology — what DU will actually evaluate
- ✓ Rental income from Schedule E analyzed to Fannie Mae guidelines — not a generalized model
- ✓ Once files are pushed to DU, reports & findings comeback in PDF format within the same console.

### AGENCY-SWITCH

#### One File Evaluated Across Five Agency Programs

- ✓ Run a single borrower file against Fannie, Freddie, FHA, VA, or USDA without re-uploading or rebuilding the scenario
- ✓ Income treatment differences across agencies surface instantly — switch programs in seconds, not hours
- ✓ Borderline files find their qualifying program before they consume underwriter time

## UPFRONT AUS

#### DSCR — Investment Property Files Evaluated at Intake

- ✓ DSCR loans now evaluated against lender and investor guidelines before underwriting touches the file
- ✓ Eligible/ineligible determination on DSCR volume at submission — ineligible files never reach the queue

## UPFRONT INDEX

#### Document Classification Across All Incoming File Types

- ✓ Every incoming document — paystubs, tax returns, bank statements, rental agreements — classified and routed automatically
- ✓ Stacking order and completeness verified before income analysis begins — no manual doc sorting at intake
- ✓ Feeds all Prudent AI products — income analysis starts the moment documents are correctly identified

# Roadmap For The First Mile of Lending, Built for Downstream Confidence

Stronger income readiness, faster pre-underwriting decisions, and cleaner critical document workflows.

## Upfront Income

Broad Income coverage and stronger confidence at start of the file

## Upfront AUS

Q3 and Q4 2026

1003, Credit, Income, Property, Asset

- ◆ Pre-qual with verified data
- ◆ Minimum Required Document Validation
- ◆ Stacking and Labeling of Loan Package

## Q1 and Q2 2027
